

# Humanities and Languages Department

## Year 9 History

### Subject Description

History demands that students ask questions of the past. It develops students' knowledge, curiosity and imagination about the lives of those who have gone before them. History promotes the understanding of societies, events, movements, ideas and developments that have shaped humanity from the earliest times. Students come to appreciate how the world and its people and environments have changed and what legacies we call upon in the present

**Weekly workload in hours: 1+ hours**
