

Humanities and Languages Department

Year 10 Civics and Citizenship

Subject Description

It takes a special type of person to be a good citizen. You need an understanding of your own identity and the identity of your nation. You need to understand how government works and how you can influence politicians to make good decisions. You must also understand how the law is used to ensure justice for all. In this course, students come to appreciate how being an active citizen can help you achieve a future that will allow you and your loved ones to thrive.
