Change from Windows 10s to Windows 10 Home/Pro

1. Press the **Start** button located at the bottom left of your screen.

2. Select the **Settings** icon, located just above the power icon on the Start menu.
3. Select **Update & Security** in the Settings app.

4. Select **Activation**, and then select **Go to Store**.
5. Select the Get option.

6. Then hit Install when ready to proceed.
