Setting up your BYOx device with a local account instead of a Microsoft Account

1. Click the **Use express settings** button on the **Settings** screen.

2. At the bottom of the screen, click the **Create a new account** link then click Next.
3. At the bottom of the screen, click **Sign in without a Microsoft account** then click **Next**

4. Enter the appropriate information to create an account, if you don't want to use a password, click **Finish**.

Your account

If you want a password, choose something that will be easy for you to remember but hard for others to guess.

- **User name**: Andie
- **Password**: ********
- **Reenter password**: ********
- **Password hint**: That special place

You have now setup your Local administrative account.
