

MERIDAN MARLINS VOLLEYBALL DEVELOPING EXCELLENCE PROGRAM

13 February 2018

RE: VOLLEYBALL DEVELOPING EXCELLENCE PROGRAM

Dear Parent/Carer

Your child has nominated or been identified to be part of the Meridan State College VOLLEYBALL DEVELOPING EXCELLENCE PROGRAM for 2018. This is a specialist program that consists of players from across the College. As a squad, the players undertake training to develop skills and tactics, as well as develop a College-wide approach to volleyball. The Marlins' Developing Excellence Squad train weekly and enter into extra-curricular competitions.

The initial indoor competition for our 2018 program is the Senior Trish Buckley Shield. There are three divisions for the competition: Year 10, Year 11 and Year 12. Parents, carers and extended families are most welcome to attend and support our College teams.

EVENT:	Senior Trish Buckley Shield

POLICIES & COLLEGE GUIDELINES FOR EXCURSIONS OR EVENTS

Please be aware that by returning the permission form for this activity you are acknowledging that you understand and agree to the following:

PARTICIPATION AND SRS FEES

Any student who has not paid their Student Resource Scheme fees (including subject fees where applicable) or who does not have a current payment plan in place will not be able to participate in this event. Payment for excursions will not be accepted after the specified due date.

REFUND POLICY

Please note some activity payments are non-refundable due to the nature of pre-payment of the event. If a parent/carer wishes to apply for a refund due to non-participation, please complete a 'Request for Refund' Form from Client Services.

MEDICAL AND EMERGENCY DETAILS

Any relevant changes to medical details or emergency contacts that are currently kept on record by the College should be updated immediately. This includes information on any recent medical conditions that may limit, or be aggravated by your student's participation in this activity. It includes details on any medication currently being taken that might be relevant in a medical emergency. Changes to phone or email addresses should also be updated.

INJURY AND INSURANCE

Please be aware that when involved in activities there is an inherent risk of physical injuries occurring without any negligence on the part of the school and in such circumstances the responsibility for the injury and any associated costs will rest with you and not the school. Parents are advised that the Department of Education and Training (DET) does not have Personal Accident Insurance cover for students. DET has public liability cover for all approved school activities and provides compensation for students injured at school only when the Department is negligent. If this is not the case, then all costs associated with the injury are the responsibility of the parent or carer. It is a personal decision for parents as to the type and level of private insurance they arrange to cover students for any accidental injury that may occur.

Players and parents please read the section below and understand the commitment and expectation you undertake when entering into one of our College Developing Excellence Sporting Programs.

The Marlin's Creed

1. CONDUCT YOURSELF WITH HONOUR

The result is never as important as how you conduct yourself as a player - it shows who you are as a person

- ✓ Be respectful - to yourself, your team mates, officials and your opponents
- ✓ Be responsible - you are representing your family and your College
- ✓ Be dependable - attend practice and games, be on time and ready to perform
- ✓ Be courteous - say "thank you" to parents, staff, officials, community members and players without whom you cannot play
- ✓ Be tolerate of differences, considerate of feelings and give everyone a chance
- ✓ Be accepting - players and officials make mistakes: move on
- ✓ Display sportsmanship and fair play
- ✓ Control your emotions towards other players and officials
- ✓ Be humble in victory and gracious in defeat

2. PLAY TO WIN

Play to win; understand you can't win all the time; learn from your defeats

- ✓ Practice to get better at all aspects of your life, not just sport
- ✓ Accept failure - don't blame officials or team mates
- ✓ Be coachable - be receptive to feedback and undertake actions to improve

3. NEVER GIVE UP

Try your best always and in all ways

- ✓ No matter the score, no matter the result
- ✓ Playing time is not a right, it is earned through the hard work shown in games and through training; treasure every second you get

Our College Developing Excellence Programs are one place where we like to develop a culture of excellence and striving for success. These programs are targeted at those that have the drive, attitude and commitment to undertake sport at a higher level. At this level, as well as enjoyment, students are also working on characteristics such as resilience and determination - training may not always be fun but requires dedication to reach your potential. As a member of a Marlin's Excellence Squad, coaches expect better of all players and players should expect better of themselves - holding their own standards higher as a result of being part of these teams. We understand that some players, even good ones, may be unable or unwilling to make this commitment and therefore this may not be the right Program for them to be involved in. Please consider this before making the commitment to join our Developing Excellence Programs.

Involvement also entails the follow expectations:

- Training sessions are compulsory. You must inform your coach in a timely manner if unable to attend due to something unavoidable. Failure to attend training without adequate notice or reason may result in less playing time or removal from the team all together.
- Do not schedule appointments during training times if possible - think of training as an extension to class time.
- Assignments and homework are important - please ensure you manage your learning so that both training and school commitments can be achieved. I.e. don't leave an assignment to the last moment and then need to skip training to finish it - be organised and prepared.
- Training is not just about fitness it involves learning strategies and tactics, unless you are physically too sick to attend, then you should still be there to watch and learn. Injured players need to know exactly what to do and what is expected from their play when they return and should attend training whilst they are recovering.
